Our story: ScentSeas was born in Corsica.
The alliance of two expertises, Delphine the traveler,
always in search of the most stunning islands beauty
secrets and Olivier, the landowner, specialized in the
sciences of the nature.

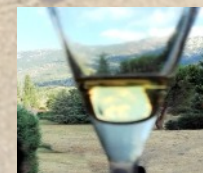

Their partnership culminated in the rediscovery of
the immortelle of Corsica which they exploit since
2007 and integrates in their cosmetics.

Our plantations are in the Corsican mountains,
a wild, pure and preserved environment,

Hand-picked, distilled in the tradition,

We respect the natural extracts; a pharmaceutical
level control, in our C.S.C laboratory in Corsica,

Where we recreate with our fresh ressources,
beauty recipes that have been proven since 2007.
We magnify them through our lines: repair balm,
Elixir, cream, huile Magique and Légende,...
